#### **LC 30 Security and Personal Identity Verification Procedures**

a. The performance of this contract requires contractor employees to have access to CPSC facilities and/or systems. In accordance with Homeland Security Presidential Directive-12 (HSPD-12), all such employees must comply with agency personal identity verification (PIV) procedures. Contractor employees who do not already possess a current PIV Card acceptable to the agency shall be required to provide personal background information, undergo a background investigation (NACI or other OPM-required or approved investigation), including an FBI National Criminal History Fingerprint Check prior to being permitted access to any such facility or system. CPSC may accept PIV issued by another Federal Government agency but shall not be required

to do so. No contractor employee will be permitted access to a CPSC facility or system without approval under the PIV process.

b. Contracted employees must meet the following citizenship requirements:

1. A United States (U.S.) citizen; or,
2. A national of the United States (see 8. U.S.C. 1408); or,
3. An alien lawfully admitted into the United States for permanent residence as evidenced by an alien Registration Receipt Card form I-151

c. Within five (5) days after contract award, the contractor shall provide a list of contracted personnel, including full name, social security number, and place (city and state) and date of birth to the designated Contracting Officer's Representative (COR). This information will be used to determine whether personnel have had a recent Federal background investigation and whether or not further investigation is required.

d. For each contractor employee subject to the requirements of this clause and not in possession of a current PIV Card acceptable to CPSC, the contractor shall submit the following properly-completed forms: Electronic Standard Form (SF) 85 or 85-P, "Questionnaire for Non-sensitive Positions", SF (87) Fingerprint Chart, Optional Form (OF) 306 and a current resume. The CPSC Office of Human Resources will provide the COR with the other forms that are not obtainable via the internet.

e. The contractor shall complete the electronic security form and deliver the other completed forms indicated in paragraph d above to the COR within five (5) days of written notification from the COR of those contractor employees requiring background investigations.

f. Upon completion of the investigation, the COR will notify the contractor in writing of all investigation determinations. The contractor is responsible for providing suitable candidates and fulfilling staffing requirements under the contract so that there is no break in service. This approval process applies to contract start up and any required replacement personnel. Failure to prequalify potential replacement personnel will not serve as an excuse for failure to provide performance. Non performance due to failure to provide suitable contractor employees may result in a Termination for Cause or Default.

g. CPSC will issue a PIV Card to each on site contractor employee who is to be given access to CPSC facilities and systems. The employee will not be given access prior to issuance of a PIV card. CPSC may revoke a PIV Card at any time if an investigation or subsequent investigation reveals that the personnel are unsuitable.

h. PIV Cards shall identify individuals as contractor employees. Contractor employees shall display their PIV Cards on their persons at all times while working in a CPSC

facility, and shall present cards for inspection upon request by CPSC officials or security personnel. The contractor shall be responsible for all PIV Cards issued to the contractor's employees and shall immediately notify the COR if any PIV card(s) cannot be accounted for.

i. CPSC shall have and exercise full and complete control over granting, denying, withholding, and terminating access of contractor employees to CPSC facilities and systems. The COR will notify the contractor immediately when CPSC has determined that an employee is unsuitable or unfit to be permitted access. The contractor shall immediately notify such employee that he/she no longer has access, shall remove the employee and shall provide a suitable replacement in accordance with contract requirements and the requirements of this clause.

j. By execution of this contract, the contractor certifies that none of the employees working under this contract have been convicted of a felony, a crime of violence, or a misdemeanor involving moral turpitude, such as a conviction of larceny within the last five (5) years. During contract performance the contractor shall immediately notify CPSC if one of its employees working under this contract has been convicted of a felony, a crime of violence, or a misdemeanor involving moral turpitude, such as a conviction of larceny within the last five years.

k. The Government reserves the right to have removed from service any Contractor employee for any of the following:

1. Conviction of a felony, a crime of violence, or a misdemeanor involving moral turpitude, such as a conviction of larceny within the last five (5) years.
2. Falsification of information entered on security screening forms or other documents submitted to the Government.
3. Improper conduct during performance of the contract, including criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct or other conduct prejudicial to the Government regardless of whether the conduct is directly related to the contract.
4. Any behavior judged to be a threat to personnel or property.

1. The COR shall be responsible for proper separation of contracted employees at the Consumer Product Safety Commission. The COR shall ensure that each contractor employee completes CPSC's official out processing procedures. The contracted employee shall report to the CPSC Facilities Security Specialist to obtain a Contractor Employee Accountability and Clearance Record. This record shall be completed as part of the official out-processing procedures and returned along with the PIV card, key fobs, keys and any other previously issued material.

m. Contractor employees shall comply with applicable Federal and CPSC statutes, regulations, policies and procedures governing the security of the facilities and system(s) to which the contractor's employees have access.

n. Failure on the part of the contractor to comply with the terms of this clause may result in termination of this contract for cause or default.

o. The contractor shall incorporate this clause in all subcontracts.
