ORDER

Having considered the application of Testing Laboratory Center, China Wonderland Nurserygoods Co., Ltd. (applicant), to be accredited by the U.S. Consumer Product Safety Commission (Commission) as a third party conformity assessment body, as that term is defined in 15 U.S.C. § 2063(f)(2), and having considered the analysis and recommendation of Commission staff, the Commission, by order, finds that:

1. The applicant is owned, managed, or controlled by the manufacturer or private labeler of products that would be assessed by the applicant, if the applicant is accredited as a third party conformity assessment body.
2. The applicant is accredited by an accreditation body that is a signatory to the International Laboratory Accreditation Cooperation-Mutual Recognition Arrangement.
3. The applicant has established procedures to ensure that:
  - a. Its test results are protected from undue influence by the manufacturer, private labeler, or other interested party;
  - b. The Commission is notified immediately of any attempt by the manufacturer, private labeler, or other interested party to hide or exert undue influence over test results; and

c. Allegations of undue influence may be reported confidentially to the Commission;

and

4. In view of the findings numbered 2 and 3 above, the accreditation of the applicant will provide equal or greater consumer safety protection than the manufacturer's or private labeler's use of an independent third party conformity assessment body for the requirements and test method(s) for which accreditation is ordered.

Accordingly, it is

ORDERED that the applicant is accredited as a third party conformity assessment body for testing children's products with respect to 16 CFR part 1303 (CPSC-CH-E1003-09 or CPSC-CH-E1003-09.1), Lead Paint Regulation, 16 CFR part 1501, Small Parts Regulation, Determination of Phthalates (test method CPSC-CH-C1001-09.3 and/or GB/T 22048-2008), 4.3.5.2 (ASTM F963-08), Surface Coating Materials - Soluble Test for Metals, 4.3.5.1(2) (ASTM F963-11), Surface Coating Materials - Soluble Test for Metals; and it is

FURTHER ORDERED that the applicant will be placed on the list on the Commission's website of entities that have been accredited to assess conformity with children's product safety rules in accordance with the requirements published by the Commission under 15 U.S.C. § 2063(a); and it is

FURTHER ORDERED that the authority to grant or deny subsequent applications by this applicant to be accredited for additional requirements or test methods is delegated to Commission staff.

Order issued on the 7th day of December, 2012.

BY ORDER OF THE COMMISSION:

Todd A. Stevenson, Secretary  
U.S. Consumer Product Safety Commission
