

LOG OF MEETING

DATE: March 15, 2011

LOCATION: CPSC, 4330 East West Highway, Bethesda MD 20814

SUBJECT: Meeting with Representatives from Naturepedic.

ATTENDEES: Barry Cik, Naturepedic; Mary Martha McNamara, McNamara & L'Heureux, P.C.; Scott Fenn, ASBC; Chris Lemon, McIntyre & Lemon, PLLC; and Pamela Gilbert, Cuneo, Gilbert & LaDuca, LLP.

CPSC ATTENDEES: Robert Adler, Commissioner; Jason Levine, Legal Counsel to Commissioner Adler; and Jana Fong-Swamidoss, Legal Counsel to Commissioner Adler.

MEETING SUMMARY: Representatives from Naturepedic requested to meet with Commissioner Adler to discuss the production of their organic mattresses and bedding. Mr. Cik also expressed his concern regarding the Commission's promulgation of a Final Safety Standard for Non-Full Size Baby Cribs, which incorporated by reference ASTM F406-10A. Mr. Cik was concerned that the warning label required by ASTM F406-10A and ultimately the Commission's final rule for non-full size cribs that come with separate mattresses would negatively impact his business. Commissioner Adler thanked Mr. Cik for providing him with an overview of his products and for bringing his concerns to the Commissioner's attention.
