ITEM:

Consumer Focus Groups  
(Briefing package dated December 22, 2006, OS No. 5530)

DECISION:

The Commission voted unanimously (2-0) to approve the *Federal Register* ("FR") notice as drafted requesting approval to conduct information collection activities from consumers through Consumer Focus Groups. To better identify and evaluate the risks of product-related incidents, the Commission staff seeks to solicit and obtain direct feedback from consumers on issues related to product safety, such as, recall effectiveness, product use, and perceptions regarding safety issues. Such collections of information of information are subject to approval by the Office of Management and Budget ("OMB") under the Paperwork Reduction Act of 1995 ("PRA"). The first step in obtaining OMB approval is the publication of a *FR* notice providing the opportunity for public comment on the proposed collection of information. In addition, approval of delegated authority to the Office of the General was requested for issuance of the second *FR* notice required under the PRA to complete the approval process for conducting information collection activities through the Consumer Focus Groups.
