ITEM:

Staff's Recommendations for Notice of Proposed Rulemaking to Amend the
Flammability Standard for Clothing Textiles
(Briefing package dated November 30, 2006)

DECISION:

The Commission voted unanimously (2-0) to direct the Commission's Office of General Counsel to prepare a Notice of Proposed Rulemaking ("NPR") for the Commission's approval to amend the Flammability Standards for Clothing Textiles, 16 C.F.R. Part 1610, in accordance with the briefing package. The staff recommendations are to amend the standard to update the refurbishing methods, allow for modern technology and reorganize and clarify large portions of the standard. The staff's suggested amendments do not redefine the standard's acceptance criteria and are not expected to have any significant economic impact on small businesses or have any potential to produce significant environmental impacts.

For the Commission:
