

Each group in attendance gave a five-minute presentation on its current major activities, particularly in the area of sports medicine, and on what it considered to be "burning issues" in the field.

Participants were urged to do one cooperative project this year with another member society of the Joint Commission, and to establish an active governmental relations group within their organizations.

**Third Annual Meeting of the Joint Commission on Sports Medicine and Science**  
**Feb 24, 25, 26, 1995**
